Only For Indian Jobs Seekers

PUBLISHED EVERYDAY - 18.09.2026

ASSIGNMENTS OVERSEAS

WE PROVIDE GULF JOBS INFORMATION FOR INDIAN JOB SEEKERS

About Us

Welcome to Assignments Overseas, your one-stop source for legitimate Gulf job vacancies catering exclusively to Indian job seekers. We streamline job searching by acting as a reliable bridge between genuine employers and job seekers, ensuring access to authentic information that maximizes career opportunities.

Our Vision:

At Assignments Overseas, our vision is to empower Indian job seekers with genuine opportunities for career growth in Gulf countries. We strive to maintain the highest standards of job transparency, ethics, and guidance, allowing you to explore exciting employment prospects.

Our Services:

We curate and share meticulously compiled job listings from a range of trusted sources, including employer websites and Gulf job recruiters. Our PDF is a personalized and organized tool featuring current job postings, employer details, visa information, and necessary contact numbers for direct applications.

We ensure that every job listing in our document is authentic and verified before publishing, helping job seekers access legitimate opportunities.

Our Reach:

We have built a strong online presence, allowing job seekers to access job listings through multiple platforms:

- Facebook Group: 60,000+ members
- WhatsApp Groups: 25,000+ members
- Twitter: 6,000+ followers
- LinkedIn: 10K+ followers
- Links in Job Posts: Every job listing in our PDF includes direct application links, making it easier for job seekers to apply.

Our Network:

We have established connections with over 70 government-licensed recruitment agencies and continue to expand our network to provide you with a diverse range of job opportunities. Our reach covers multiple states in India, including Maharashtra, Gujarat, Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, West Bengal, Uttar Pradesh, Bihar, and more.

Our Global Perspective:

While our primary focus is on Gulf countries such as Saudi Arabia, Qatar, UAE, Bahrain, Kuwait, and Oman, we also share vacancies for other international destinations like Russia, Romania, Iraq, and beyond. This widespread outreach reflects our commitment to presenting you with a broad spectrum of overseas employment choices.

Join Us:

If you are an Indian job seeker looking for genuine Gulf job opportunities, you're in the right place. Join our thriving community by following Assignments Overseas on our various social media platforms. Let us be your guiding light towards a prosperous and fulfilling career abroad.

How to Apply

Within this PDF (Assignments Overseas), we've shared job vacancies from major Gulf countries that are actively hiring. This includes direct employer listings, recruitment agencies, and verified consultancies.

📌 **How to Apply?**

- Read the job descriptions carefully.
- Note the employer details, phone number, and email.
- Contact the employer directly via WhatsApp, phone, or email.
- If a recruiter is involved, inquire about necessary documentation and visa requirements before proceeding.
- Ensure that all details match the job offer before making any financial commitments.

💡 **Pro Tip:** Avoid agencies that demand advance payments. Genuine employers or recruiters never ask for money before providing job details with job offers.

Disclaimer

We want to make it clear that Assignments Overseas is not a recruitment agency. We do not hire candidates or charge job seekers for employment.

Our role is solely to share job-related information gathered from publicly available sources and employer listings.

Because of a high number of fraudulent job postings online, we strongly recommend verifying job offers before proceeding with any financial transactions.

CONTACT US FOR JOB LISTING

Assignments Overseas posts free job listings from Gulf-based recruitment agencies, consultancies, and direct employers. If you're a recruiter looking to share vacancies, feel free to reach out to us.

URGENTLY REQUIRED FOR

ECOVERT GROUP IMAR

IN QATAR

BMS OPERATOR – 40 Nos.

- Strong knowledge of BMS system especially in Honeywell (Alerton and trend), Johnson control (Metasys).
- Experience in building facilities related to HVAC, Pumps, Fire Alarm integrations.
- Diploma or ITI certification in Electrical, Mechanical, or Electronics Engineering.
- 3 – 5 years' experience in BMS software, troubleshoot alarms, errors, and sensor faults.

KEY RESPONSIBILITIES

1. BMS Operation & Monitoring

- Monitor and operate building systems through the BMS workstation/interface, including HVAC, lighting, electrical, and other connected systems.
- Monitor system parameters, equipment status, alarms, and notifications.
- Ensure all connected systems are operating within the required parameters.
- Make necessary adjustments to system settings in accordance with approved operating procedures.

2. Alarm & Fault Monitoring

- Respond promptly to BMS alarms, alerts, and system notifications.
- Identify the source and priority of alarms and take appropriate initial action.
- Escalate equipment faults and technical issues to the relevant maintenance team.
- Maintain proper records of alarms, incidents, and corrective actions.

3. System Performance & Energy Monitoring

- Monitor HVAC and other building systems to support energy-efficient operation including Pumps and Fire Alarm Integrations.
- Observe temperature, pressure, humidity, and other relevant parameters.
- Identify abnormal operating conditions and report them to the supervisor or maintenance team.
- Assist in optimizing system performance while maintaining occupant comfort.

4. Daily Operations & Reporting

- Conduct routine checks of BMS screens, graphics, trends, and equipment status.
- Prepare daily operational reports, log sheets, and shift handover reports.
- Maintain accurate records of equipment conditions, alarms, and system abnormalities.
- Ensure proper communication and handover between shifts.

5. Coordination & Technical Support

- Coordinate with HVAC, electrical, mechanical, and maintenance teams for the resolution of BMS-related issues.
- Support maintenance technicians by providing BMS information, alarm history, trends, and equipment status.
- Coordinate with vendors or specialist contractors when required.
- Follow all site safety procedures and operational guidelines.

6. General Responsibilities

- Ensure the BMS control room/workstation is kept clean, organized, and operational.
- Follow approved SOPs, emergency procedures, and site regulations.
- Maintain confidentiality and security of BMS systems and operational information.
- Perform other BMS-related duties as assigned by the supervisor.
